

Voice

Aqualina Spa & Resort Brochure

“Voice is a highly efficient, memorably creative agency. Their work is driven with passion, is consistent, highly valued and delivered with great detail. Their meticulous approach is intuitive but often surpasses expectation”

Background & Brief

Acqualina is located on 4.5 acres of beach front with 400 feet of stunning Atlantic Ocean coastline in Sunny Isles Beach, Florida. Situated between Miami and Fort Lauderdale, the resort is just minutes from the world famous shops of Bal Harbour and the exclusive address of Williams Island.

Solution

The resort required an in-house style magazine for guests. Working in conjunction with photographers and writers overseas we created a beautiful look and feel adding luxury and prestige to the publication. The magazine is published twice a year.
